Hi all,

We look forward to talking shortly. With apologies for sending this so soon before the meeting, below are some suggested additions from our end to the agenda Kathy sent:

1. EPA update (EJ, Water, ECAD)
2. Centreville partner update (incl. any feedback from community)
  - Alcoa clean up
  - Cahokia
  - 2011 information request from EPA R5 to Commonfields
  - New developments: Informal Complaint and Letter from Senators
3. Discuss next steps
  - emergency communications system

Best,  
Anna

Hi Alan,

Thank you again for meeting on Monday, and for including enforcement and water division colleagues on the call. We remain interested in partnering with EPA on a near-term emergency communications option for residents impacted by flooding or sewage, as well as moving forward with a convening of the relevant entities. We are eager to hear about next steps and set a timeline for the partnership process.

We also appreciate Region 5 investigating its enforcement options, including options related to the pattern of sewage overflows and discharges for decades in Centreville. To that end, we are reminded that in 2011 Region 5 sent a very thorough information request to Commonfields of Cahokia under 33 U.S.C. 1318 regarding sewage overflows in Centreville (attached). We wonder if you might be able to share the concerns that prompted this request, as well as any responses EPA received?

Thanks much,  
Anna

Hi Alan,  
We are following up on scheduling the call.

Please find attached photos from yesterday. Centreville residents were inundated with stormwater from the broken stormwater and sanitary sewer systems. At least one resident could not access her home as of 7PM last night. Some residents were offered boats for rescue by St. Clair Emergency Management Agency.

Also, I continue to receive daily calls from residents in Cahokia who are experiencing the same. I received numerous calls from media last night and today who plan to cover yesterday's flooding.

We look forward to speaking with you and your team.

**Subject:** Updates and Phone Call

Hi Alan,

I hope you are doing well. Our team is reaching out to provide you with a few updates and to determine your availability for a call.

When we last spoke we mentioned that we were close to filing litigation. On 6/5, two organizations from our team (mine and Kalila Jackson from EHOC) filed a Complaint for Injunctive Relief in the Southern District of Illinois. I have attached those pleadings for you and your team's review.

Since that filing, several newspapers have covered the filing, including the St. Louis Post Dispatch, Belleville News Democrat, St. Louis NPR, Madison St. Clair Record, and the Southern Illinoisan. We have received numerous phone calls, emails, emails received from these publications forwarded to us from residents in Centreville and many from Cahokia asking for help because of raw sewage in their homes and yards and stormwater flooding in their neighborhoods.

While our team is aware that these surrounding municipalities have been struggling with similar issues and would love to be able to dedicate resources and time to assist everyone, unfortunately, we do not have the resources available to do so. We barely have the resources needed (and often run into many barriers) to assist the Centreville residents.

We would like to schedule a call with you and any other members of your team you believe it would be helpful to have on the call to have a more substantive discussion with clear steps on what it would take to start building environmental justice partnerships and begin bringing in resources in the metro-east to include all of these predominantly black and/or low-income communities that are suffering from these flooding and raw sewage issues.

We are greatly appreciative of the interest you and your team have shown in wanting to help resolve the issues in Centreville and we hope we can all work together to resolve these conditions.

Thanks and we look forward to speaking with you.
